SECOND INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In accordance with the duty of disclosure as set forth in 37 C.F.R. § 1.56, the accompanying information is being submitted in accordance with 37 C.F.R. §§ 1.97 and 1.98. Applicants request consideration of the documents listed on the accompanying Form PTO-1449. These documents are cited in the instant specification, or are English-language counterparts thereof.

Pursuant to 37 C.F.R. § 1.98, a copy of each of the documents cited is enclosed. However, copies of the listed U.S. patents are not enclosed since it is no longer required according to the July 11, 2003 waiver of the requirement for copies of cited U.S. patents and U.S. patent application publications in national patent applications filed after June 30, 2003 and international applications entering the national stage under 35 U.S.C. § 371 after June 30, 2003.

All of the cited documents are in English except for those specifically noted below:

DE 2256445 is in German. Its English-language counterpart, Wissmann et al. U. S. Patent No. 3,931,141, is cited to serve as an English translation.

BE 860717 is in French. Its English-language counterpart, GB 1539318, is provided to serve as an English translation.

JP 55055120 is in Japanese. The accompanying patent family search indicates there are no English-language counterparts. Applicants do not have an English translation of this document; however, the patent family search provides an English-language abstract which serves as a brief statement of relevance, as does the instant specification, page 3, lines 18-30.

The article in the Journal of the Diabetic Society is in Japanese. Applicants do not have an English translation. The instant specification provides a brief statement of relevance; see page 2, line 30 to page 3, line 4.

The Chevance et al. Acta Otolaryng. Article is in French. However, there is an English-language summary on page 27 of the reference which serves as a brief statement of relevance, as does the paragraph at page 3, line 31 to page 4, line 8 of the instant specification.

This statement, Form PTO-1449 and enclosed documents are being submitted within three (3) months of the filing or entry of the national stage of this application or before the first Office Action on the merits, whichever is later. Since these documents are being filed within the time period set forth in 37 C.F.R. § 1.97(b), no fee or statement is required. In the event that an Action on the merits has in fact already issued, the Commissioner is authorized by the accompanying Information Disclosure Statement Transmittal Letter to charge any necessary fee to counsel's deposit account so that this statement will be considered.

It is respectfully requested that the Examiner consider this statement and cited documents and that an Examiner-initialed copy of the accompanying Form PTO-1449 be returned to the undersigned.

Respectfully submitted,

BURNS, DOANE, SWECKER & MATHIS, L.L.P.
